Commissioner of Patents

Applicant's election without traverse of Group I (claims 6, 7, 20, 22-53) in Paper No. 21 is acknowledged.

However, applicant did not elect a species from the following set forth in the previous Office Action (Paper No. 19).

- 13. This application contains claims directed to the following patentably distinct species of the claimed Group I (and Group II, if claimed): wherein one of the following is also administered.
 - A) GM-CSF,
 - B) IL-4,
 - C) TNF- α .
 - D) IL-3,
 - E) c-kit ligand, or
 - F) GM-CSF-IL-3 fusions.

These species are distinct because their structures and modes of action are different.

Applicant is required under 35 U.S.C. § 121 to elect a single disclosed species for prosecution on the merits to which the claims shall be restricted if no generic claim is finally held to be allowable. Currently, claims 6-7 are generic.

Since the above-mentioned amendment appears to be a bona fide attempt to reply, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD UNDER 37 CFR 1.136(a) ARE AVAILABLE.
